## ADDING AND MANAGING CHILD ACCOUNTS

Parents, on the home page of your account, hit “view profile”:

Welcome, Username ([view profile](#))

Click the “manage member profiles” button shown below:

[Click here to manage your member profiles](#)

Then, hit “Add a New Profile”:

[Add a New Profile](#)

From here, set up the account as you did to create the parent account.

This account will have a different screen-name and password, but you can still access it from the parent account directly.

To add books to your child’s account, hit the “[Click here to manage your member profiles](#)” link .

[Click here to manage your member profiles](#)

A page will come up where titles can be added to the child accounts!
